## "Prez Sez..."

by Gretchen Tomm - President

### Happy December!

I hope everyone had a nice Thanksgiving. Next is the Annual Cloverdale Toy Run with Ben leading us (if it doesn't rain). Then onto Christmas, New Years, our After Holiday Party and another year of fun riding!

I want to thank all of you for allowing me to be your club President for 2018. It's quite an honor to "lead" such a great group of riders. Seems I did such a good job that you decided to have me be your President for 2019. I enthusiastically look forward to it. 😎👍

We have new board members to help make my job easy. Please welcome Dan & Jennifer Shilling, Melisa Brown and Michael Turpin to our board.

With all of your input, we have some really fun rides planned for 2019. I'm looking forward to lots of miles and memories.

If you have concerns or need to discuss any riding issues, please contact any of our board members.

Merry Christmas & Happy New Year

Your Fearless Leader - Gretchen

## How To Reduce Your Chances of Getting Rear Ended

**Over the past year or so I have been keeping my beemer in gear when I come to an intersection.**

I also almost never stop directly behind the vehicle in front of me. For me it has been mostly a safety issue and a fear of the 1 ton plus rolling mass that's coming up behind me.

I am not sure who it was or when, but a while back I was told that it was a good to keep my bike in gear, in case I had to move in a hurry. I have been practicing the technique now for a while. Recently I came across an early video from MC Rider on the subject and we are in complete agreement. He put a little more thought into the subject than I originally did. So, here is what I am practicing from now on:

- Plan an escape route before coming to a complete stop.
- Leave space for a route of escape.
  - Don't pull up right next to the car in front of you.
- Point the motorcycle towards the escape route.
  - You may not have time to maneuver, aim the bike towards the escape route. Also if you do get bumped you will be headed for an open spot, instead of a steel truck bumper!
- Stop the motorcycle in 1st gear.
  - Good left hand strength training!
- Watch your mirrors for what is happening behind you.
  - If no one is behind you when you first stop, keep an eye on vehicles approaching.

About the only time I do not apply the escape route distance rule is when I am riding in a pack. When in this configuration, I keep it tight and trust my fellow riders to do the same. I do still keep my bike in gear and an eye on my mirrors though.

Here is a link to the video with a few wake-up shots at its start. It's short and to the point.

Keep the shiny side up.

## Silent Auction Items

The Holidays are right around the corner which means just one thing... The RRCM After Holiday Party is coming up! Last year, the Silent Auction netted a hefty \$609 which was donated, in it's entirety to our charity, The Ceres Community Project. Melisa Brown will once again be heading up this effort and we ask you to follow the below guidelines in order to make her job a bit easier.

- Only new or gently used items should be donated.
- Include the approximate purchase price if known.
- Descriptions of parts and value appreciated.
- Melisa will be taking donations at the December General Meeting.
- If you can't make it to the meeting, contact Melisa directly to arrange a possible pick-up or meeting point.
- If no bid is made on the item, it will be returned to the donator who will be responsible for its removal.

## November 20<sup>th</sup> 2018

**Opening Statement:** President Gretchen Tomm opened the meeting talking about our poor air quality due to the ongoing fires in the Paradise area.

The Willits toy run is coming up on Sunday, no details available. The Cloverdale toy run is coming up on Dec 2nd with Ben leading the club.

Our After Holiday Party is January 12th between Noon and 3PM. Bring your Silent Auction items to Melisa to the December meeting so they can be cataloged for the event. She is in charge of the auction and she puts our party together for us. All proceeds from the auction go to our charity, Ceres Community Project.

Nominations for 2019. Gretchen asked if there were any other nominations for next year's officers. There were none so there was no election. Gretchen read off the list of the officers for next year.

**Minutes:** Sharon McMillan read the minutes from the October meeting.

**Treasurers Report:** Dee Dee d'Argence provided the treasurers report.

**Membership Report:** Dee Dee reported that our current membership is unchanged at 79.

**Tours and Events:** Wade Roberts gave his ride report.

**November 3<sup>rd</sup> Saturday** – Ride to the Blackhawk Auto Museum was led by Ben. There were 23 that made the ride on 21 motorcycles.

**November 4<sup>th</sup> Sunday** – Road Captains meeting at Wade's home. We have 22 road captains for next year. Next year's ride calendar has been set. There are a total of 36 rides scheduled for next year, 11 Saturdays, 11 Sundays and 9 Wednesdays. Plus some overnights and some 3 and 4 days rides.

**November 14<sup>th</sup> Wednesday** – Ride was cancelled due to the smoky air condition.

**November 18<sup>th</sup> Sunday** – Ride to the Bay Model was led by George. There were 9 that made the ride on 8 bikes.

**December 2<sup>nd</sup> Sunday** – Cloverdale Toy Run being led by Ben. Ben said that there is a 4 to 5 mile bike parade which is led by Santa. There are Raffle prizes, coffee and donuts and a lunch is served. An email will go out to the members with all the details.

Robyn will put the ride the new ride calendar in the newsletter.

Wade thanked all the road captains for 2018. We had 28 rides with 2 cancelled due to weather. Said we will have a great year coming up in 2019.

# General Meeting Minutes

**Safety Officer:** George said he likes sharing articles and videos of riding safety. He has learned a lot about riding being a part of our club. Talked about a video with information about stopping at intersections. One was five steps to stopping. Look for escape, leave space/be back far enough to have an escape. Point your bike towards outside of the vehicle in front of you. Always leave your bike in gear when stopping which gives you added time to react. Watch your mirrors for rear traffic to be prepared to get out of the way of a possible rear-end collision.

Asked for questions or comments. Rains are coming, watched the painted lines as they can be slick. Be careful of the raised "buttons" as they too are slick. First rains are the worst for being slippery due to the rising road oils. Check your tire tread and check the air in your tires at least once a month.

**Old Business:** Wade said he had T shirts available at the meeting.

**New Business:** Melisa talked about the upcoming After Holiday Party. She passed out a sample of menu items for the members to choose their favorites for appetizers and entrees. Price is \$20 per person.

Michael Turpin shared that he will be "Santa" at the Pet Club in Santa Rosa on Santa Rosa Avenue across from Costco. This will take place on Dec 1st, 8th and 9th. You can get your pet's photo taken with Santa (Michael) for \$10 or \$15 with goes to a benefit for pets. The hours are 10 till 2.

Paul Benkover shared that he made the 18th RKA/Sonoma Raceway food drive ride. Reported that there were 44 riders doing laps on the track. It is on our Redwood Rider calendar for next year.

## Raffle:

1<sup>st</sup> prize – was a bottle of wine won by Sharon McMillan

2<sup>nd</sup> prize – went to Ken Sutton which were towels

3<sup>rd</sup> prize – was bandanas won by Gretchen Tomm

4<sup>th</sup> prize – went to Gary Fisher which was homemade applesauce

5<sup>th</sup> prize – was a \$10 gift certificate for the China Village and it was won by Wade Roberts

6<sup>th</sup> prize – went to Dee Dee d'Argence which was a product called Bug Slide. It is used to remove the dead bugs off your windshield

50/50 raffle this month was \$100. Dee Dee had the winning ticket and she donated her \$50 portion back to our Ceres charity so they will receive the entire \$100

## Ride Reviews & Upcoming Rides

### December is here! The last year went by so fast!

As your Tours & Event Planner 2018, I would like to thank every one of you that participated in all the great rides we had this last year. To see all the rides planned for 2019, please visit the [Ride Calendar](http://www.redwoodridersmc.com) on our website, [www.redwoodridersmc.com](http://www.redwoodridersmc.com). We have some fantastic things happening in our club next year.

### November Rides

*Saturday November 3<sup>rd</sup>* - Blackhawk Auto Museum. Leading this ride was Ben Johnstone with 23 riders and 21 bikes. He took us on some great roads to Danville for lunch and we toured the Museum.

*Wednesday November 14<sup>th</sup>* - Rain Day Make-Up Ride was cancelled due to heavy smoke in the air.

*Sunday November 18<sup>th</sup>* - Bay Model. Leading this ride was George Homenko, having 9 riders & 8 bikes. George had to change plans as the Bay Model was closed. He took us around Sonoma County and Marin County on the west side ending up at Salito's in Sausalito for a great lunch.

### December Rides

*Saturday December 2<sup>nd</sup>* - The 21<sup>st</sup> Annual Cloverdale Toy Run. Ben Johnstone will be leading this ride. Meeting at Shari's at 9:30<sup>AM</sup> and leaving at 10:00<sup>AM</sup>. Admission is \$10 plus one new unwrapped toy.

It was a fun year - Let's make 2019 even better!

# Tom's Take

by Tom Cooke - Contributor

## "Ambassadors of Motorcycling"

### Can we see ourselves as "Ambassadors of Motorcycling"? A Win-Win arrangement.

As odd as it may seem to riders, there is a definite segment of society that – for lack of a more eloquent term – are just anti-motorcycle! We've all encountered folks who make no effort to hide or disguise their anti-motorcycle feelings. They seek to claim the "safety high ground" using language like "donor cycles." And some may rudely inform us that only foolish, adrenaline-soaked thrill-seekers would ride bikes. Ouch!

Well, in addition to denying themselves the freeing sensations that we riders enjoy, they also pose a risk to us. If their bias is strong enough, and their aggressive tendencies hostile enough, they may drive in a manner which is less safety conscious of bikes than it should be. Many videos on the social media like You Tube show motorists intentionally running bikes off the road.

Who are these folks, and how did they come by their negative attitudes towards motorcycles and motorcyclists?

Some came by it honestly by having crashed on a bike. Others have friends or family members who have come to grief on two wheels. But most are simply lost in the prejudice and bad stereotypes perpetuated by a few bad apples. Does the name "1% Club" ring true here? That is, the anti-bike folks often view the safe riders – who are the vast majority – through the same lens they use on outlaw bike gangs. While some will never change their prejudice, most are open-minded and will add new information into changing old bias.

How then should we handle our conversations with them? To begin with, let's see ourselves as Ambassadors of motorcycling. We do this by displaying courtesy towards all motorists, both on the road and when stopped for rest or meal break on rides. For most of us, this comes naturally. As we smile, chat and behave in a friendly fashion to motorists or "looky-loos" who check out our bikes when we are parked, we convey that we too are likable, civil, safety-conscious neighbors who just happen to enjoy riding.

On many rides, I have seen members of our club and other riders encouraging children to check out our bikes. Sometimes folks even ask to have their photo taken with us or even sitting on our bikes. We should welcome this, while being careful to "spot" the bike sitters for safety.

On the road, we should avoid aggressive riding and not respond to rude comments which could preview "road rage" and its obvious dangers.

More directly, when we are told that riding is foolhardy and dangerous, we let them know that we ride with full consciousness on safety and caution. We point out that many other fine pleasures are marked by risk – horseback riding, skiing, riding bicycles on road or trail, whitewater rafting, kayaking, and many, many other hobbies. We can politely tell these folks that as motorcyclists, we do all we can to minimize our risks, and hope and expect all who share our roads to do the same.

**December 2018**

**The Thanksgiving Holiday got me thinking about all the things that I am thankful for. The Redwood Riders Motorcycle Club ranked high on the list.**

I am thankful for having such a wonderful club where the people and rides are all first class. Of course, living in one of the best places for motorcycle riding helps a lot. One of the best things about our club is the friends I make. Below is a photo of three good friends who went on a 9-day ride. The reason we were on the ride was due to the recommendation of a fourth friend who had done and enjoyed the ride before. Unfortunately, he became ill on this ride and was unable to complete the ride.

If you want to see some highlights of the ride, you can do so by going to YouTube. [https://youtu.be/sch3OTM\\_uEw](https://youtu.be/sch3OTM_uEw)
