"Prez Sez..."

by Gretchen Tomm - President

We held our nominations at our last monthly meeting, and it isn't easy to get new people involved. We have a very fun motorcycle club, have been "rolling" along great for a few years and attracting new members. What would be really nice, is some "new blood" for our officers. You still have time to volunteer for positions as we will nominate then vote at our next monthly meeting.

I recently took a nice motorcycle ride to the west entrance of the Grand Canyon with 5 friends. We had a bit of rain at the Grand Canyon, but rest of weather was pretty good UNTIL, we headed home! We tried to go over Tioga Pass, but it was snowing so, we headed back south on 395 with plans to go to Bakersfield then north. Mother Nature had other ideas! At Lone Pine, the road was closed to all semi-trucks and larger campers because of high winds blowing them over. It should have been closed to motorcycles too! We hit the worst wind and dust storm I have ever experienced! We had a heck of a time handling the bikes, and a couple times when we stopped, our bikes blew over! When we finally saw an exit, we got off. The road was closed in both directions at that point. Thank goodness a town was about 10 miles away and there were hotel rooms available. When the wind died down a bit, we made a run for it! We and our bikes were totally sand blasted, so a shower was so nice. We all made it home safely the next day. All part of the adventures of motorcycle riding!

Silent Auction Items

The Holidays are right around the corner which means just one thing... The RRMC After Holiday Party is coming up! Our last Silent Auction netted a hefty \$611 which was donated, in it's entirety to our charity, The Ceres Community Project. Melisa Brown will once again be heading up this effort and we ask you follow the below guidelines in order to make her job a bit easier.

- Only new or gently used items should be donated.
- Include the approximate purchase price if known.
- Descriptions of parts and value appreciated.
- Melisa will start taking donations at the November General Meeting and at every meeting thereafter.
- If you can't make it to the meeting, contact Melisa directly to arrange a possible pick-up or meeting point.
- If no bid is made on the item it will be returned to the donator who will be responsible for its removal.

Safety Report

U-Turns

This month I thought I would highlight a couple of good technique videos on U turns. Recently a conversation came up with some of my riding buddies about practicing u turns. That lead me to start thinking about my own skills. And in turn that sent me back to YouTube to see what I was doing right and what I was doing not so right. After watching the videos and doing some practice I think I have gotten better at my slow tight turns. So, this month I thought I would pass on a couple of good videos I found.

Doing a clean u turn can also be a safety issue. When the occasion happens and you have to make a u turn on a 20-foot wide road, you want to get it done fast and safe as possible. Doing a turn by jogging back and forth five or more times places you in danger of approaching traffic. It also looks bad. Is it time to watch the videos and do a little packing lot practice?

Here are the two direct and to the point videos on making tight/clean u turns.

Now for my favorite picture of the month. If the state ever mandates me riding an electric motorcycle and it looks like this, I think I will walk. For more info: <https://electrek.co/2019/07/18/curtiss-unveils-hades-electric-motorcycle-design/>

Gretchen advised that an email will be sent out asking for ideas for our upcoming 2022 ride schedule.

Minutes: Sharon McMillan read the minutes from the last meeting which was September 21st 2021.

Treasurers Report: DeeDee d'Argence read the treasurers report.

Membership Report: Melisa Brown provided the monthly membership report. To date, we have 104 riders and co-riders.

Upcoming Rides:

November 6th, Saturday – will be Melisa's Surprise Ride.

November 10th, Wednesday – need a Road Captain to put on the ride.

November 21st, Sunday – Road Captain needed for this ride.

December 5th, Sunday – Annual Toy Run to Cloverdale which will be led by Ben Johnstone.

Safety Officer: George Homenko talked about the need to cancel his October 17th ride a half hour into the ride. This was done due to the heavy fog which caused very low visibility and made the roads were slick and unsafe. George wanted everyone to be careful in those situations.

Rosalie commented that she appreciated that safety was the concern for the cancellation.

Dave/Taz also commented that it was a good call to cancel the ride as he had skidded on the wet, slick road.

Old Business: Club pins are available and club tee shirts.

New Business: Our annual After Holiday Party will be coming up in January. Melisa will put the party together again for the club. No date has been selected at this time. We will have our Silent Auction with the proceeds from it going to our club charity, Ceres Community Project. Melisa asked that the items you donate for the auction be good items. She will start collecting your donated items at the November meeting. We will again have our regular gift exchange.

What's YOUR Club Like?

Do you belong to a club where everybody is friendly? Can you depend on your fellow club members to help you out should you need it? Does everybody pitch in together to get things done? Sounds good doesn't it? I believe this accurately describes our club. We have a great leadership team. They continue to work hard to ensure everybody has a great time. Soon, someone may ask you to help out with club duties. Even if they don't, think about what you can do to make this club a better place. The club has all types of needs. Many (but not all) of the current club officers started out as Road Captains. This is a great way to get to know more people in the club. There are always several willing to help you with your duties.

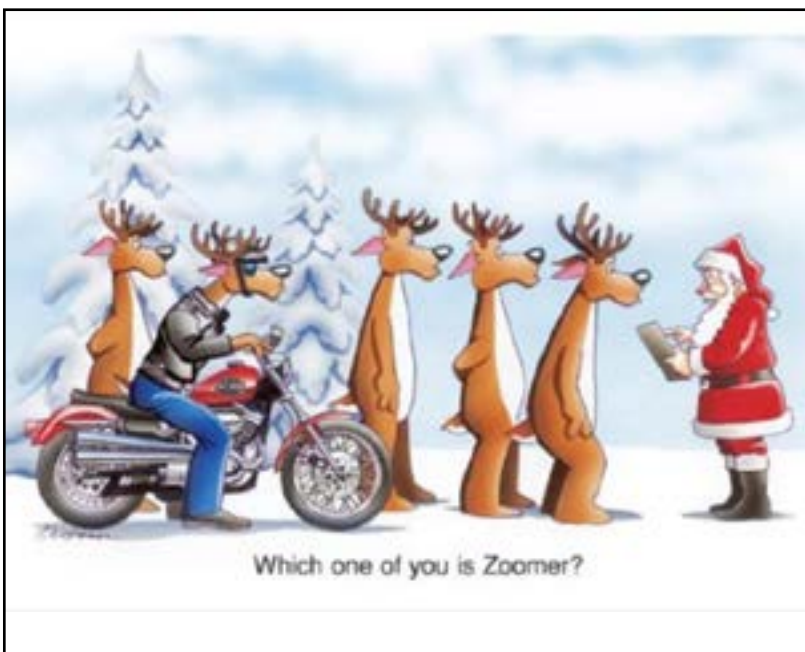

If you enjoy doing things with the club, think about what you can do to help out. Talk to any of the officers. They can help you make a decision about where you will best fit in.

Tom's Take

by Tom Cooke - *Contributor*

A Community of Riders

A Merriam-Webster dictionary definition of “community” calls it simply a group of people who share the same interest. Common examples are civic clubs, service clubs, or political groups, who aspire to shared goals. Of course, religious communities enjoy a storied place in our society. Lesser groups could be gun clubs, car clubs, city league sports, or fan clubs for high school, college, or national sporting teams.

Most non-motorcycle-riding folks might be surprised at the popularity of motorcycle clubs. Of course, our Redwood Riders is certainly the “best” of many Northern California bike clubs. Hey! Wait just a second! The “best” motorcycle club for a given individual is actually the one which most closely pursues the type of rides that individual most enjoys.

Our club takes a mellow, safety-oriented approach to our day rides. Our multi-day rides are focused on finding the most scenic route though the most spectacular country we can find. Kudos go out here to our dedicated ride leaders who do yeoman’s duty to plan the many important details of a long tour, several days or more. Other local clubs are oriented to brand (of bike) identity, or sport riding, which is faster—and dare I say—less safe, than our rides.

So, what is the value of a club vs. just doing one’s own thing, as a rider? Club advantages are many and varied. The social camaraderie is foremost. It is just more fun, for most of us, to go out with a dozen or more kindred spirits to share the sights, sounds and memories of a great ride. Of course, safety considerations also come into play. Groups of bikes are easier for motorists to spot than singletons. Also, when mishaps occur—and they will, when batteries fail or a rider picks up a nail—it is reassuring to be in a group. Most often, some members of the group are mechanically skillful and the rest of us provide moral support. Sharing information about bikes, service options, new technologies, like Bluetooth-enabled helmets, is also welcome and helpful.

The Redwood Riders club gets very high marks for its inclusivity, openness and “come one-come all” vibe on rides. We care not what you ride, as long as you love it. We care not your age, with members from young adults to seasoned vets. We do care about civility and courtesy, however, so these values are easily observed on any of our rides.

So, wash your bike, and put a smile on your kisser, and we’ll see one another at our next club ride.
